Thanks Kevin! The 114 letter sent on 1/21/22 copied Pete Cleveland, Dan Mallet, and Rhonda Thompson. The approval to the extension copies Dan Mallet, Rhonda Thompson, and David Graves. Shouldn't the approval copies match the 114 letter? I think we copied David Graves with a letter that pertained to testing.

Good morning Kevin,

Can you prepare an approval letter for my signature and send it to me this morning? I'm also checking in with Denis about any concerns agreeing to 3/8/22. TAR

Subject: RE: CAA Section 114 Information Request

Kevin,

I am writing to request an extension of time to respond to EPA's January 21, 2022 Clean Air Act Section 114 Information Request. As you know, EPA's Request is 17 pages with 88 questions, many of which contain multiple subparts. As you may also know, New-Indy Catawba purchased the mill from another owner effective January 1, 2019. We have been working hard to compile materials responsive to the Request, and submitted to EPA the first set of documents on February 18. We continue to review New-Indy's records, and records of the former owner in a continuing effort to respond to EPA's Request. Given the scope of EPA's Request, we respectfully request until March 8, 2022 to respond to EPA's Request. We appreciate EPA's consideration of New-Indy's request for extension.

Thank you,
Tony
